Two Piece Pressed Solid Welded Elbows with E-Z Flange (Dieform Elbows)

Pressed elbows and angles are resistance welded with copper on both the heel and throat. All pressed fittings are manufactured from extra deep drawing steel (EDDS) in accordance with ASTM-A653. Pressed fittings are precision drawn, tolerances must be within + or - .002 thickness to assure a quality product at all times. All pressed fittings are made of 24 Ga. or 22 Ga. Galvanized material with a G60 or better coating thickness and is chemically treated to retard white rust.

Centerline Throat Radius Chart

Diam.	90°	45°
6"	10 1/2"	10 1/2"
