## Standing Seam Elbows & Angles with E-Z Flange

Standing Seam fittings work well for medium pressure applications and offer an alternative to welded elbows and angles. These are available from 8" through 60" diameters and fabricated as heavy as 16 gauge. Other diameters and throat radiuses are available. 8"-30" will be a 5 gore one piece standard throat construction. 32" and larger in diameter 90 degree full sweep (1.5 x CL) elbows are fabricated using two 45 degree angles connected with an E-Z flange and barrel clamp unless otherwise specified.

Standard Throats	
8" thru 18"	8" Throat
20" thru 40"	10" Throat
42" thru 60"	20" Throat
